Without prejudice or precedent, the Parties agree to the following. This Memorandum of Agreement shall remain in effect until April 30, 2021 unless otherwise noted.

**0. Definitions**

**“Teach”/”Classroom activity”/”Classroom teaching” – provide instruction by either Face-to-Face On-campus, Virtual – Scheduled, Virtual – Unscheduled, Hybrid – Scheduled or Hybrid - Unscheduled Instruction as long as the method of delivery complies with the Health Protection Act Order of the Province of Nova Scotia.**

Hybrid – Scheduled Instruction (HS) shall be defined as a flexible course structure that combines elements of both classroom-based and virtual learning. Students will have the option of attending course components in the classroom or virtually. Virtual Instruction will have specific “live” class times as noted in the course timetable for lectures and other activities. Pace of course content delivery, in addition to required assignments and on-going assessment, will be consistent across both virtual and classroom-based environments.

Hybrid – Unscheduled Instruction (HU) shall be defined as a flexible course structure that combines elements of both classroom-based and virtual learning. Students will have the option of attending course components in the classroom or virtually. Virtual Instruction will be unscheduled allowing students to participate primarily on their own schedule. Pace of course content delivery, in addition to required assignments and on-going assessment, will be consistent across both virtual and classroom-based environments. These courses will provide flexible options for students who wish to study online and/or who will be residing outside the province in time zones that would make it difficult for them to align with courses scheduled in the Atlantic Time Zone.

Virtual - Scheduled Instruction (VS) shall be defined as virtual instruction with specific “live” class times as noted in the course timetable for lectures and other activities. Faculty and instructors shall also have the flexibility to integrate additional online activities directly with the class and/or individual students.

Virtual – Unscheduled Instruction (VU) shall be defined as virtual instruction providing students with the flexibility to complete a course based primarily on their own schedule. These courses will provide flexible options for students who wish to study online and/or who will be residing outside the province in time zones that would make it difficult for them to align with courses scheduled in the Atlantic Time Zone.

Face to Face On-campus Instruction (FF) shall be defined as on-campus activities requiring in person delivery that cannot be modified for virtual instruction. Delivery of these activities will be adjusted to comply with public health guidelines and physical distance requirements.
